

# Suspended Ceilings

We won't keep you hanging around

Clark Handling supply and fit a large range of suspended ceiling systems from a budget range to ceilings designed for the acoustic and Healthcare market.

## Armstrong Dune Supreme

This popular face pattern offers a crisp finely granulated surface and available in a wide range of sizes and durable edge details. Used mostly in Office and Reception areas.

## Kombimetall

These tiles are available as a plain or perforated metal tile with a Thermatex mineral core. It meets the highest standards or fire protection and acoustic performance.

## Thermatex Aquatec

In rooms with permanently high humidity, such as swimming pools, sanitary facilities or large kitchens, special demands are placed on the ceiling in terms of humidity resistance. These tiles resist humidity up to 100% and are suitable for fully cleaning. Best suited for Healthcare & Sanitary facilities, Kitchens and Swimming Pools.
